Dear Parent/Guardian

Many books in our library deal with confronting issues relevant to adolescents and the young adults they are becoming. Authors often present these issues in realistic ways in order to engage the reader, and as a result, some books may contain coarse language, sexual references, graphic violence and adult themes that are unsuitable for younger readers. We flag these books as 15+ in our Library system, and when younger students attempt to borrow them they are unable to do so, and other books are suggested that may be more appropriate.

I understand that some parents may wish their child to have unrestricted access to all of the books in our school library. If that is the case, please complete and sign the permission slip below. We will keep this in our records.

Should you have any questions regarding the North Albany SHS Library Collection please contact me at school, either by email or telephone.

Warm regards

Barbara McNeill
